Tuamoa, 16th May.
During the past fortnight we have had
no rain, nor as yet there has been
frost. The farms are in excellent con-
dition, and the sugar-mills will begin
working at close of the month. Mr.
Germes of Santiago del Estero has
bought 35,000 tons of cane for his mill
at 145 per ton, currency. The yield of
sugar-cane has been less than expected,
owing to the heavy rains.

Large consignments of grapes have
been sent to B. Ayres. We have had
little cold weather yet, and it is thought

THE BANK OF ENGLAND.

The change in the board of manage-
ment of the Bank of England has es-
caped the notice of our colleagues. The
Right Hon. W. Liddell has retired
from the Governorship, and Mr. Han-
cock who was so largely connected with
the River Plate, has ceased to be Director.
It would seem from the list of the new
Directors, which we give hereunder,
that the River Plate members have for
the present taken a back seat, and this
may be attributed to the change that
has come over the minds of the city
men respecting the Baring Guarantees
and the Rothschild Moratorium.

The following is the list of the new
Board—

At the Bank of England on Tuesday
Mr. Arthur Smith, Mr. Blake, Mr. Birch,
Mr. Brooks, Mr. Campbell, Sir M. Collett,
Mr. Currie, Mr. Giddings, Mr. Greene,
Mr. Grenfell, Mr. Gibbs, M.P., Mr.
Gilliat, M.P., Mr. Goschen, Mr. Hankey,
Mr. Holland, the Hon. E. Hubbard, Mr.
Jackson, the Hon. Hon. the Earl of
Leven and Melville, the Right Hon. W.
Liddell, Mr. Lubbock, Mr. Morley,
Mr. Palmer, Mr. Smith, and Mr. Wal-
lace. Mr. Huth Jackson is the new
member of the Court.

As most people know, Mr. Charles
Booth is a gentleman who has been
almost made his own. His recently
published works on the subject have
earned for him a reputation for patient
research and accuracy. Even the Local
Government Board permanent officials
speak in high terms of his industry and
conscientiousness to patronize "Booth." How-
ever, he possesses qualities that endear
him to an English public. He is un-
commonly free of all affectation, and is
not only a statesman, but a comfort-

able word, his language is so moderate,
not to say hesitating, that although an
"advanced Radical," he fascinates Tory
reformers. People depend upon him, be-
cause he has the courage to correct in
one book what he has stated in another,
which indicates a scientific spirit. He is
above all things an individualist.

This quality alone will make him
more than a country man, and the whole
foreign debt of the nation. Now the
opportunity is lost for a year, but at
the next election a push in the right
direction might be made, and with Mr.
Parish as Governor, and Bank of En-
gland, and Dr. Luis Szent Peter,
President of the Republic, we might
look forward to a boom in Argentine
affairs that would dry the tears of the
unfortunate holders of Argentine stocks
in Europe.

THE MELBOURNE CRISIS.

The crash in Australia appears to rival
that of the River Plate, and the
investors there look to British in-
vestors through the collapse of the
Melbourne banks, Trust Companies and
Building Societies surpasses even the
amount gone down in Buenos Ayres.

Our London colleagues say: "We are
all so occupied here with our own crisis
troubles that we have no time to think
of misfortunes elsewhere, but it would
seem from the following extract from
the *London Financial Times* received by
the mail, that the Melbourne crisis is
in as bad a plight as our own; and,
strange to say, the London people are
blamed for the disaster. The Mel-
bourne authorities have behaved well
in the matter. Three of the Directors
of the Australian Mercantile Loan Bank,
as also the Manager, have got each 7
years hard labor, whilst the remaining
Directors and Managers have been let
off.

Our London colleague says: "The Mel-
bourne newsboy who indignantly asked, 'What do you take me
for—a blooming building society?' when
asked why he was so angry, and the
information thus focused is a
punchy illustration of the Melbourne
crisis, and the holders of shares in it
are alarmed, fearing that the Peruvian
Government will ignore its obligations."
